

CALL FOR PAPERS

ICAMD 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMD 2021 : International Conference on Advances in Materials and Devices is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Materials and Devices. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials

Devices

Green materials

Energy materials

Ferroelectric materials

Low dimension materials

Magnetic materials

Metamaterials

Nano and composite materials

Nanotechnology

Optical materials

Smart materials

Semiconductors

Superconductors
