

CALL FOR PAPERS

ICAMMEP 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMMEP 2021 : International Conference on Applied Mathematical Modeling of Engineering Problems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Mathematical Modeling of Engineering Problems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mathematical modelling of
engineering problems
Mechanical engineering
Civil engineering
Electrical engineering
Material engineering
Electronics engineering

Photonics
Medical science and
biotechnologies
Aerospace engineering
Metallurgical engineering
Transportation engineering
Other engineering applications
