

# CALL FOR PAPERS

**ICASCP 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASCP 2021 : International Conference on Agriculture and Soil Consolidation Process is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agriculture and Soil Consolidation Process. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural engineering  
Land consolidation  
Soil consolidation  
Fundamentals of consolidation  
Process of consolidation  
Consolidation analysis  
Spring analogy  
Primary consolidation  
Secondary compression  
Time dependency

Compression  
Land consolidation projects  
Back-fill consolidation  
Consolidation test  
Consolidation time curve  
Dynamic consolidation  
Sustainable agriculture  
Planned readjustment and  
rearrangement of land parcels  
Developmental and environmental  
policies  
Environmental sustainability and  
agriculture
