

# CALL FOR PAPERS

**ICDOS 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDOS 2021 : International Conference on Dynamics of Offshore Structures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dynamics of Offshore Structures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Offshore structures  
Offshore dynamics  
Offshore hydrodynamics  
Offshore renewable energy

Offshore array  
Offshore marine operations  
Very large floating structures  
Oil and gas
