

# CALL FOR PAPERS

**ICHIIRD 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHIIRD 2021 : International Conference on Human-Information Interaction Research and Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human-Information Interaction Research and Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Interaction Design  
Distributed Cognition  
Thinking and Reasoning  
Visual Reasoning  
Interactive Cognition  
Interaction Patterns  
Sensemaking  
Complex Cognition  
Cognitive Activities  
Information Behavior  
Knowledge Work  
Learning  
Problem Solving

Decision Making  
Planning  
Mental Models and Representations  
Embodied Cognition  
Information Foraging  
Information Triage  
Interface Design  
Information Design  
Information Spaces  
Visual Representations  
Information-Intensive Tasks  
Perception  
Design Thinking
