

CALL FOR PAPERS

ICIAESEPA 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIAESEPA 2021 : International Conference on Intelligent Agricultural Engineering Solutions in Environmental Protection and Agriculture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Agricultural Engineering Solutions in Environmental Protection and Agriculture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural engineering
Biosystems engineering
Energy management systems in agriculture
Energy inputs
Energy input output analysis

Energy use patterns
Carbon dioxide emission
Alternative fuels
Agricultural machines and tractors
