

# CALL FOR PAPERS

**ICLMSLSR 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLMSLSR 2021 : International Conference on Literature Mining Solutions for Life Science Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Literature Mining Solutions for Life Science Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Search engines and literature navigation tools providing content enrichment, cross-document analysis, and so forth  
Network/pathway synthesis and visualization  
Plug-ins for data analysis pipelines or visualization tools

Knowledge discovery support:  
reasoning for hypothesis generation or contradiction detection  
Other solutions relying on a significant proportion on automated literature analysis
