

CALL FOR PAPERS

ICMBCE 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMBCE 2021 : International Conference on Movable Bridges and Construction Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Movable Bridges and Construction Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bridge engineering
Etymology and history of bridge
Types of bridges
Fixed or movable bridges
Double-decked bridges
Three-way bridges
Aesthetics

Architecture, building,
construction, infrastructure and
environment
Architecture, construction and
environmental engineering
Building electrical systems
Building materials and
constructions
Building mechanical systems
Building structural systems
Building, construction and
interiors
