

CALL FOR PAPERS

ICMDI 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMDI 2021 : International Conference on Metallurgical Design and Industry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metallurgical Design and Industry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metallurgical design and industry
Metallurgical design: modelling and optimization
Mineral processing, metallurgy and process design
Innovative process development in metallurgical industry

Metallurgical design fabrication
Design, materials, weld and metallurgical issues
Metallurgical testing and process design
Novel design and processing of materials
