

CALL FOR PAPERS

ICNM 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNM 2021 : International Conference on Nanocomposite Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanocomposite Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanocomposites, Nanotubes and Nanowires
Nanocomposites, Nanophotonics, Nanobiotechnology and Applications
Nanostructured Materials, Nanoclusters, Nanocrystals and Nanocomposites
Textile Composites and Nanocomposites
Clay-Containing Polymer Nanocomposites
Functional Polymers and Nanocomposites
Polymer Nanocomposite Technology, Properties and Applications
Carbon-Based Nanocomposites and Technologies

Micromaterials Engineering and Nanocomposites
Multifunctional Composites and Nanocomposites
Multifunctional Polymer Nanocomposites
Synthesis, Characterization and Applications of Nanocomposites
Carbon-Based Polymer Nanocomposites
Environmentally Friendly Polymer Nanocomposites
Polyurethane Polymers, Composites and Nanocomposites
Environmental Applications of Functionalized Nanocomposites
