

# CALL FOR PAPERS

**ICPA 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPA 2021 : International Conference on Pesticides in Agriculture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pesticides in Agriculture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biopesticides  
New pesticides  
Pesticide formulation

Pesticide use practices  
Agricultural exposure  
Safety behaviors
