

# CALL FOR PAPERS

**ICRALCA 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRALCA 2021 : International Conference on Recent Advances in Life Cycle Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Life Cycle Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Life cycle assessment  
Environment life cycle assessments  
Life cycle assessment in  
sustainable development  
Applications of life cycle  
assessment  
Nanotechnology and life cycle  
assessment  
Water footprint  
Carbon footprint  
Ecological footprint

Global climate change  
Stratospheric ozone depletion  
Smog  
Acidification  
Eutrophication  
Natural resources  
Human toxicity  
Ecotoxicity
