

CALL FOR PAPERS

ICRDBCT 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRDBCT 2021 : International Conference on Recent Developments in Bioenergy Conversion Technologies is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Developments in Bioenergy Conversion Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioenergy conversion
Biological conversion
Combustion and co-firing
Gasification and pyrolysis
Chemical conversion from
oil-bearing crops
Thermal conversion
Thermochemical conversion

Biochemical conversion
Chemical conversion
Biomass cogeneration technologies
Bioethanol conversion technologies
Biodiesel conversion technologies
Biomass gasification technologies
Biogas conversion technologies
