

CALL FOR PAPERS

ICSHWER 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHWER 2021 : International Conference on Sustainability, Human Welfare and Ecosystem Rehabilitation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainability, Human Welfare and Ecosystem Rehabilitation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ecosystem health	Stream and river restoration
Environmental change and ecosystem conditions	Reclamation ecology
Simulation and modeling of ecosystem changes	Non-renewable resource conservation
Resilience and restoration of degraded ecosystems	Air quality and atmospheric pollution
Policy simulation and options	Aquaculture
Ecological development	Conservation
Synthetic ecology	Ecosystems and ecology
Bioengineering	Ecosystems management
Restoration ecology	Environmental economics - sustainable services and systems
Ecology conservation	Environmental health
Ecosystem rehabilitation
