

# CALL FOR PAPERS

**ICSME 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSME 2021 : International Conference on Statistics and Mathematics in Economics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Statistics and Mathematics in Economics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applications of mathematics and statistics in economics  
Macroeconomics, public economics and methodological issues of economics  
Social economics, economic sustainability and demographic economics

Financial markets, risk measurement and insurance  
Microeconomic issues  
Multidimensional statistics in economics
