

# CALL FOR PAPERS

**ICTFGDCEPSV 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTFGDCEPSV 2021 : International Conference on The Formation of Genetic Diversification, its Contribution to the Evolution of Plants and Structural Variation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of The Formation of Genetic Diversification, its Contribution to the Evolution of Plants and Structural Variation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genomics  
Epigenomics  
Structural variation  
Transposons  
Copy number variation

Structural variation  
Polyploidy  
Meiotic and mitotic recombination  
Deletion  
Gene conversion
