

# CALL FOR PAPERS

**ICTPPHBCPCP 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTPPHBCPCP 2021 : International Conference on The Physiology and Post-Harvest Biology of Coffee Plant and Coffee Processing is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of The Physiology and Post-Harvest Biology of Coffee Plant and Coffee Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Germination  
Photosynthesis  
Seed development  
Stress physiology  
Post-harvest physiology of coffee  
Coffee processing

Environmental effects  
Specialty coffee production and environments  
Coffee flavor development  
Genetics of coffee and/or breeding  
Health and mental effect
