

# CALL FOR PAPERS

**ICTRSPDP 2021**  
**Feb 08-09, 2021**  
**Lisbon, Portugal**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTRSPDP 2021 : International Conference on The Role of Silicon in Plant Defences and Pathogens is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of The Role of Silicon in Plant Defences and Pathogens. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Silicon  
Silicon uptake  
Plant defence  
Plant mechanical defence  
Herbivory

Pathogens  
Biotic stress  
Plant-insect interactions  
Phytohormones
