

CALL FOR PAPERS

ICTRSPDPII 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTRSPDPII 2021 : International Conference on The Role of Silicon in Plant Defences and Plant-Insect Interactions is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of The Role of Silicon in Plant Defences and Plant-Insect Interactions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Silicon
Silicon uptake
Plant defence
Plant mechanical defence
Herbivory

Pathogens
Biotic stress
Plant-insect interactions
Phytohormones
