

CALL FOR PAPERS

ICAHHT 2021
Feb 01-02, 2021
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAHHT 2021 : International Conference on Advanced Health Informatics and Healthcare Tools is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Health Informatics and Healthcare Tools. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Healthcare Informatics Development
Healthcare Informatics Functions
Healthcare Informatics Emerging
Technology
Healthcare Informatics
Epidemiology
Healthcare Informatics Advance
Practices
Healthcare Informatics Quality
Healthcare Informatics Tools
Healthcare Informatics Financial
applications
Healthcare Informatics Alternative
medicine
Healthcare Informatics and Medical
Technology
Healthcare Informatics and
Healthcare
Healthcare and Clinical
Informatics
Healthcare and Nursing informatics

Healthcare Informatics and Public
Health
Healthcare and Translational
Bioinformatics
Health Informatics and Big Data
Healthcare Informatics and
Management
Health Informatics and Engineering
Healthcare Informatics and Patient
Care
Healthcare Informatics and Ethics
Healthcare Informatics and Decision
Making
Healthcare Informatics and
Healthcare Modeling
Healthcare Informatics and
Services
