

CALL FOR PAPERS

ICAPCP 2021
Feb 01-02, 2021
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPCP 2021 : International Conference on Architectural Preservation and Common Problems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Preservation and Common Problems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural preservation
Material, historical and design
integrity of built heritage
Common architectural
conservation/preservation problems
Heritage management
Conservation-restoration of
cultural heritage

Historic preservation and
sustainability
Current treatments
Conservation process
Public awareness and outreach to
promote architectural conservation
Art conservation
