

# CALL FOR PAPERS

**ICCPAPC 2021**  
**Feb 01-02, 2021**  
**Melbourne, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPAPC 2021 : International Conference on Clinical Pharmacology and Advanced Pharmaceutical Chemistry is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Pharmacology and Advanced Pharmaceutical Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bio-pharmaceutics and  
pharmaceutics  
Pharmacy practice  
Pharmaceutical testing  
Pharmaceutical chemistry  
Pharmaceutical crops  
Pharmacology and antibiotics  
Drug discovery and development  
Protein-protein interactions as  
drug targets  
Adrenergic drugs  
Anesthesia pharmacology  
Application of membrane protein  
structure determination and its  
applications in drug design  
Chemotherapy and other  
anti-neoplastic drugs  
Clinical pharmacology and pharmacy

Design and optimization of dosage  
regimens  
Drug development  
Drug metabolism and interactions  
Nursing pharmacology  
Personalized medicine  
Pharmacogenetics and  
pharmacogenomics  
Serotonin pharmacology  
Characterization of drugs and  
bio-therapeutics  
Applications of ADME in early drug  
discovery  
Rapid methods to assess quality and  
stability of bio-therapeutics  
Cholinergic drugs  
Pharmacokinetics and  
pharmacodynamics
