

CALL FOR PAPERS

ICQDSFCD 2021
Feb 01-02, 2021
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQDSFCD 2021 : International Conference on Quantum Dissipative Systems and Feedback Control Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quantum Dissipative Systems and Feedback Control Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quantum dissipative systems
Quantum mechanics of dissipative systems
Stability of local quantum dissipative systems
Optimal control of quantum dissipative dynamics

The dissipative two level system
Quantum dissipative systems and feedback control design
Numerical path integral techniques
