

CALL FOR PAPERS

ICSTMMP 2021
Feb 01-02, 2021
Melbourne, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSTMMP 2021 : International Conference on Sustainable Territorial Management and Maritime Planning is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Territorial Management and Maritime Planning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable development
Territorial planning
Land use-land cover
Protected area
Biodiversity

Maritime planning
Integrated coastal zone management
Socioeconomy
Governance
