

CALL FOR PAPERS

ICAVTD 2021
Feb 25-26, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAVTD 2021 : International Conference on Animal Viral and Transmitted Diseases is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Viral and Transmitted Diseases. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal viral diseases
The geographical distribution of animal viral diseases
Animal transmitted diseases
Viral infections of domestic animals
Viral diseases of laboratory animals
Veterinary virology
Vaccines and antivirals

Biotechnological applications for veterinary virology
Diagnosis, prevention and treatment of animal viral diseases
Viral pathogenesis
Emerging and zoonotic viruses
Veterinary epidemiology
Risk assessment and modeling
Animal viral diseases and global change
