

CALL FOR PAPERS

ICNTO 2021
Mar 04-05, 2021
Rio de Janeiro, Brazil

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNTO 2021 : International Conference on Nonsurgical Treatments for Obesity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nonsurgical Treatments for Obesity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Obesity epidemiology
Obesity in men
Obesity in women and children
Exogenous obesity
Lifestyle and obesity
Metabolic complications of obesity
Roles of physiological and biochemical changes in obesity
Surgical treatments of obesity

Bariatric surgery outcomes
Roux-En-Y Gastric and Stomach Bypass
Pediatric surgery and obesity management
Weight assessment and non-surgical treatment
Risk of bacterial infections among the obese after surgery
Changes in endocrine system after bariatric surgery
The influence of BMI on vascular surgery
