

CALL FOR PAPERS

ICACG 2021
Mar 08-09, 2021
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACG 2021 : International Conference on Advances in Comparative Genomics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Comparative Genomics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Comparative genomics
Genome evolution
Genome rearrangements
Genome variation, diversity and dynamics
Phylogenomics
Comparative tools for genome assembly
Population genomics

Comparison of functional networks
Comparative epigenomics
Paleogenomics
Cancer evolution genomics
Epidemiology
Gene identification and/or annotation
