

# CALL FOR PAPERS

**ICCSNLP 2021**  
**Mar 08-09, 2021**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSNLP 2021 : International Conference on Cognitive Science and Natural Language Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive Science and Natural Language Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cognitive and Psychological Models of Natural Language Processing  
Cognitive Neuroscience of Language  
Computational Models in Cognitive Neuroscience  
Computational Models of Natural Language Processing  
Corpus Linguistics  
Discourse Processing  
Emotion and Language Processing  
Evolutionary Natural Language Processing  
Multi-Lingual Processing

Multimodality in Speech / Text Processing  
Natural Language Interfaces and Dialogue Systems  
Neural bases of Language  
Pragmatics and Natural Language Processing  
Speech Processing  
Social Cognition of Language  
Text Mining  
Text Summarization and Information Extraction  
Tools and Resources in Natural Language Processing
