

# CALL FOR PAPERS

**ICDDAT 2021**  
**Mar 08-09, 2021**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDDAT 2021 : International Conference on Dentistry, Dental Applications and Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dentistry, Dental Applications and Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Imaging techniques for the  
craniofacial hard and soft tissues  
Evolving instrumentations in  
dentistry  
Robotic and digital dentistry  
Sustained-release delivery systems  
for treatment of dental diseases  
Laser applications for dental  
hygiene

Dental implants and occlusal  
analysis  
Wear performance of dental ceramics  
after grinding and polishing  
treatments  
Forensic dentistry  
Dental radiography/informatics
