

# CALL FOR PAPERS

**ICDHR 2021**  
**Mar 08-09, 2021**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDHR 2021 : International Conference on Digital Healthcare and Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Healthcare and Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial Intelligence and Decisions	Healthcare Technology and Distribution
Behavioral Health	Innovative new healthcare technologies
Challenges and Opportunities to Improve the Healthcare System with Disruptive Digital Solutions	Integrated care
Commissioning	Internet of Medical Things
Competition and choice	Internet of Things in Digital Health
Cybersecurity: Life, Death and Security in the Digital Age	IoT Platforms in Digital Health Solutions
