

# CALL FOR PAPERS

**ICESEET 2021**  
**Mar 08-09, 2021**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESEET 2021 : International Conference on Energy Systems, Environment, Engineering and Technology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy Systems, Environment, Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environment, engineering and energy  
Wind energy technologies  
Environmental management systems  
Solar energy technologies  
Hydro power  
Global warming and climate change  
Biomass industries and energy  
Management of ecosystems, environment and water resources  
Modelling and assessments  
Education for sustainability  
Green energy  
Bio gas and biomass

Bio-diesel fuels  
Hybrid energy systems  
Integrated energy systems  
Wind energy  
Hydroelectric and geothermal power  
Energy from tides and waves  
Solar electricity and PV applications  
Solar cell technology  
Nanotechnology applications  
Nuclear materials and fuels  
Alternative fuels
