

CALL FOR PAPERS

ICABN 2021
Mar 04-05, 2021
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABN 2021 : International Conference on Advances in Brain Neurosurgeries is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Brain Neurosurgeries. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neuroimaging and functional brain evaluation
Brain edema
Brain tumor and metastasis
Brain mapping and neurosurgery
Advances in brain neurosurgeries
Brain neurology tests
Instrumentation in rehabilitation
Neurophysiologic and neuroimaging techniques
Telerehabilitation: translation from experimental to clinical experiences
Technical developments for deep brain stimulation
Neurorehabilitation research methodologies
Multidimensional strategies and endpoints in clinical trials
Child Developmental disorders

Pediatric TBI
Case Management
Therapeutic Recreation
Therapies : Occupational, Physical and Walking Therapy
Pediatric Assistive Technology
Future of Pediatric Neurorehabilitation
Neurological balance exercises
Physiotherapy Exercises for Spinal cord Injury
Neurological Physiotherapy
Vestibular Rehabilitation exercises
Neural Repair
Neurorehabilitation basic research
Clinical research
