**Mar 22-23, 2021**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCACET 2021 : International Conference on Computer-Aided Civil Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Civil Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided civil engineering  
Bridge engineering  
Construction engineering  
Environmental engineering  
Highway engineering  
Geotechnical engineering  
Structural engineering  
Transportation engineering  
Water resources engineering  
Management of infrastructure systems  
Artificial intelligence  
Cognitive modeling  
Concurrent engineering

Database management  
Distributed computing  
Evolutionary computing  
Fuzzy logic  
Genetic algorithms  
Geometric modeling  
Internet-based technologies  
Knowledge discovery and engineering  
Machine learning  
Mobile computing  
Multimedia technologies
