

CALL FOR PAPERS

ICCED 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCED 2021 : International Conference on Civil Engineering and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Engineering and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil engineering design
Civil engineering design software
Computer aided design applications
Design for climate change
Design for minimizing and using
construction and demolition waste
Design and technologies for energy
efficiency and conservation

Design for flexibility
Design for security and
sustainability
Life cycle for civil engineering
systems
Innovation and optimization in
structural design
Data modeling, management, and
mining
