

CALL FOR PAPERS

ICCEES 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEES 2021 : International Conference on Civil Engineering and Environmental Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Engineering and Environmental Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental science
Global warming
Environmental dynamics
Air pollution
Atmospheric physics
Water treatment
Physical oceanography
Global environmental change and ecosystems management
Climate and climatic changes
Carbon capture and storage
Biofuels
Integrated ecosystems management
Satellite applications in the environment

Environmental restoration and ecological engineering
Habitat reconstruction
Biodiversity conservation
Deforestation
Landscape degradation and restoration
Soil decontamination
Eco-technology
Bio-engineering
Environmental sustainability
Resource management
Life cycle analysis
Environmental systems approach
Clean technologies
