

CALL FOR PAPERS

ICCPDD 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPDD 2021 : International Conference on Clinical Pharmacology in Drug Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Pharmacology in Drug Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pharmacology in drug discovery and development
The chemical control of physiology
Pharmacology and cellular drug response
Pharmacological targets
Drug affinity and efficacy
Predicting agonist effect
Drug antagonism
Allosteric drug effects
Enzymes as drug targets

Enzyme kinetics
Enzymes as drug targets
Reversible and irreversible enzyme inhibition
Intracellular effects of enzyme-active drugs
Pharmacokinetics, permeation and metabolism
Pharmacokinetics, distribution and multiple dosing
In vivo pharmacology
Safety pharmacology
