

CALL FOR PAPERS

ICPPGDD 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPGDD 2021 : International Conference on Clinical Pharmacology, Pharmacogenetics and Drug Development is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Pharmacology, Pharmacogenetics and Drug Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- | | |
|--|--|
| Pharmacogenetics | Improve drug discovery targeted to human disease |
| Pharmacogenomics | Improve proof of principle for efficacy trials |
| Predicting drug-drug interactions | Example case studies |
| Thiopurines and TPMT | Polypharmacy |
| Integrating pharmacogenetics into the health care system | Drug labeling |
| Technological advances | Challenges |
| Ethics | Controversies |
| Pharmacogenetic testing companies | Future |
| Drug-metabolizing enzymes | Web-based resources |
| Predictive prescribing | Ethical, legal and social issues |
| Applications | Toxicogenomics |
| Improve drug safety | Hepatitis C |
| Identifying optimal dosing; | |
