

CALL FOR PAPERS

ICEMEE 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMEE 2021 : International Conference on Ecosystems Management and Environmental Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ecosystems Management and Environmental Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ecological and Environmental
Engineering
Ecological Development
Air quality and atmospheric
pollution
Aquaculture
Conservation
Ecosystems and Ecology
Ecosystems management
Environmental economics -
sustainable services and systems
Environmental health
Environmental impact assessment
Environmental law - environmental
policies
Environmental performance of
enterprise
Global environmental change

Health aspects of waste water and
solid waste management
Landscape and city planning
Life cycle management and
sustainable production
Liquid waste treatment and
management
Pollution control technologies
Solid waste management
Solid waste management and
recycling
Technology and modeling for
sustainable environment
Waste water management and
aquaculture
Water Engineering
Water resources management and
water quality
Applications of aquatic ecosystems
Hydrological modification
