

CALL FOR PAPERS

ICEPMMCE 2021
Mar 22-23, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEPMMCE 2021 : International Conference on Experimental Physics, Modern Methods and Current Experiments is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Experimental Physics, Modern Methods and Current Experiments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Experimental physics
Current experiments
Famous experiments
Experimental techniques
Prominent experimental physicists
Aeromechanics, Hydromechanics and Acoustics
Atmospheric, Oceanic and Planetary Physics
Atomic and Molecular Physics
Biological Physics
Computational Mechanics
Computational Physics
Computer Physics Communications
Condensed Matter and Materials Physics

Control Theory and Statistical Physics
Controlled Systems in Physics
Electronic Circuits and Systems
Environmental Physics
Experimental Physics
Fluid Dynamics
Group Theory in Physics
Hadron Physics
Heat Transfer Physics
High Energy Physics
Interdisciplinary Physics
Laser Physics
Materials Science
