

# CALL FOR PAPERS

**ICACPBE 2021**  
**Mar 22-23, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACPBE 2021 : International Conference on Advances in Chemical, Process and Biomolecular Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Chemical, Process and Biomolecular Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical and Process Engineering  
Chemical Reaction Engineering  
Chemical reactors  
Catalysis  
Kinetics  
Separation technologies  
Multiphase Systems  
Transport phenomena  
Chemical engineering equipment  
design and process design  
Process system, instrumentation and  
control  
Computer aided process engineering  
Modelling  
Simulation

Optimization  
Thermodynamics  
Fluid Dynamics  
Heat Transfer  
Process Engineering  
Product Design  
Reactor materials  
Applied Chemistry  
Clean processes technology  
Water and wastewater management and  
treatment  
Advanced oxidation processes  
High pressure and high temperature  
process technology
