

# CALL FOR PAPERS

**ICAIM 2021**  
**Mar 22-23, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAIM 2021 : International Conference on Artificial Intelligence and Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Artificial Intelligence and Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial intelligence with  
management  
Artificial intelligence and the  
management science  
Artificial intelligence and  
knowledge management  
Artificial intelligence for  
management engineering and  
technologies  
Digital technology management  
Artificial intelligence for  
administration  
Evolutionary algorithms in  
management science  
Expert systems  
Productivity management  
Knowledge based management  
Automatic programming  
Computer vision

Intelligent computer-assisted  
instruction  
Natural language processing  
Planning and decision support  
Robotics  
Speech recognition  
Acquisition  
Automatization  
Comprehension  
Memory management  
Metacontrol  
Numeric ability  
Reasoning
