

CALL FOR PAPERS

ICBSTSD 2021
Mar 22-23, 2021
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSTSD 2021 : International Conference on Biometric Security Technologies, Systems and Devices is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biometric Security Technologies, Systems and Devices. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biometric security
Biometric template protection
Biometric key and encryption
Biometric system analysis
Privacy-enhanced biometric systems
Biometric security technologies
Personal identity verification
Biometric solutions
Palm print identification and fingerprinting

Advances in biometric security systems
Multi touch displays in biometrics
Behavioral intelligence
Biometric devices and algorithm
Crime prevention
Legal compatibility for biometric systems
Human activity recognition
Biometric security authentication
