

# CALL FOR PAPERS

**ICCDCS 2021**  
**Mar 22-23, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDCS 2021 : International Conference on Cognition and Dynamical Cognitive Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognition and Dynamical Cognitive Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Dynamical cognitive science  
Dynamical systems hypothesis in  
cognitive science  
Dynamical models  
Dynamical psychology  
Application of dynamical systems  
science to the cognitive sciences  
Linear and nonlinear time series  
analysis  
Chaos theory  
Complexity theory

Relaxation oscillators  
Metatheoretical issues of modeling  
and theory building  
Perception  
Memory  
Psychophysics  
Judgment and decision making  
Consciousness
