

CALL FOR PAPERS

ICWPM 2021
Mar 22-23, 2021
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWPM 2021 : International Conference on Water Pollution and Micropollution is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water Pollution and Micropollution. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Freshwater quality
Marine water quality
Groundwater and aquifer issues
Water management
Remediation
Agricultural contamination
Wastewater treatment and management
Offshore pollution and oil spills
Mining and water quality
Soil erosion and water pollution
Emerging technologies
Health risk studies
Micropollution and nanoparticles

Microbiological aspects
Risk assessments
Education and training
Population and climate change
Future trends in water pollution
Air pollution modelling
Air pollution mitigation and management
Aerosols and particles
Emission studies
Health effects
Indoor air pollution
Air data quality
Monitoring and measuring
