

CALL FOR PAPERS

ICCMHPA 2021
Mar 25-26, 2021
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCMHPA 2021 : International Conference on Composites Manufacturing for High Performance Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Composites Manufacturing for High Performance Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Development of manufacturing techniques
Automated manufacturing
Material performance
Cost reduction
Bonding
Repair

Industrialisation
Novel design methods
Innovative tooling concepts
Process control
Quality assurance
Certification issues
