

CALL FOR PAPERS

ICCLT 2021
Mar 11-12, 2021
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCLT 2021 : International Conference on Clinical Laboratory Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Laboratory Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical laboratory sciences and technologies
Microscopy
Clinical chemistry
Gastric and pancreatic function tests
Liver function tests
Renal function tests
Chemical analysis of cerebrospinal fluid
Histology
Dehydration, impregnation and embedding techniques
Cytological techniques
Microbiology
Microscopic examination of bacteria
Culture media

Antigen-antibody reactions
Hematology
Blood coagulation
Hematological indices
Blood transfusion technique
Blood grouping techniques
Anatomical pathology
Antibiotics in laboratory medicines
Autoimmune disorders
Blood bank transfusion
Clinical applications of molecular biology
Clinical coagulation
Clinical hematology
