

# CALL FOR PAPERS

**ICEEM 2021**  
**Mar 11-12, 2021**  
**Miami, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEEM 2021 : International Conference on Energy, Environment and Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy, Environment and Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy, Environment and Materials

Energy:

Renewable Energy

Water

Wind

Geothermal

Biomass

Solar Energy

Nuclear energy

Secondary energy

Gas

Electrical Power

Steam Power

Hydrogen

Laser

Energy System Engineering

Energy Science and Technology

Energy Economy

Environmental Impact of Energy

Consumption

Sustainable Energy Policy

Environment:

Air Pollution Monitor

Climate Change and Global Warming

Control of Groundwater Pollution
