

CALL FOR PAPERS

ICEES 2021
Mar 11-12, 2021
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEES 2021 : International Conference on Environmental and Earth Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental and Earth Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in Energy Systems and Sustainability
Air Pollution and Air Quality Control
Atmospheric Physics
Biodiversity Conservation
Ecosystem Restoration
Energy-Related Environmental Problems
Environmental Chemistry
Environmental Dynamics
Environmental Integrated management and policy making
Environmental Monitoring and Assessment
Environmental Planning
Environmental Policy
Environmental restoration and ecological engineering

Environmental Sustainability
Environmental Toxicology
Geology and Environmental Systems
Geophysics and seismology
Geosciences and Earth Engineering
Global environmental change and ecosystems management
Health and the Environment
Hydrology and Water Resources
Impact, risk and life cycle assessment
Integrated ecosystems management
Land (Soil, Waste Solid) Pollution and Remediation
Management and Technology of Energy Systems
Meteorology and Climatology
