

CALL FOR PAPERS

ICACCM 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACCM 2021 : International Conference on Advanced Ceramics and Composite Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Ceramics and Composite Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in Materials Science
Biomaterials and Tissue
Engineering
Catalytic Materials
Computational Materials Science
Fundamentals of Materials Science
Advanced Ceramics and Composite
Materials
Metallurgy and Materials Science
Nanomaterials
Nanotechnology in Materials
Advancement in Nanomaterials
Materials Characterization

Polymer Technology
Electrical, Optical and Magnetic
Materials
Materials Chemistry and Physics
Advanced Materials and Material
Applications
Materials for Energy Applications
Materials for Green Technology
Materials in Energy
Materials in Industry
Materials in Research
Polymeric Materials
