

CALL FOR PAPERS

ICAFM 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFM 2021 : International Conference on Aerodynamics and Fluid Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerodynamics and Fluid Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fluid Dynamics
Numerical Methods to Simulate
Transient Two-Dimensional Fluid
Flows
Methodology in CFD
Navier-Stokes Equation
Aerodynamics

CFD Models
SuperSonic Flight
Wind Tunnel
CFD in Medicine and Biology
Thermo-Fluid Dynamics
